### Not-For-Profit

As a not-for-profit organization, we have the opportunity to provide the highest standard of care, which includes post-surgical recovery, therapeutic rehabilitation and skilled nursing.

Our caregivers greet each day-and each resident-with compassion, proudly upholding a legacy of offering a healing, home-like atmosphere.

### History

In 1875, Amos Giles Rhodes came to Atlanta and soon began the furniture company that would make him a successful businessman. Also a generous man, Mr. Rhodes provided the land and funds to rebuild the Hospital of the Atlanta Circle of the King's Daughters and Sons, which was founded in 1897 for patients suffering from incurable diseases.

The new building, which was eventually named after Mr. Rhodes, was constructed in 1904 at the corner of Boulevard and Woodward Avenue where the flagship location still exists today. In 1974, the home was reconstructed, bringing the total resident capacity to 138. With the addition of two homes, one built in 1992 in Cobb County that can serve 130 residents, and one built in 1997 at Wesley Woods that can serve 150 residents, A.G. Rhodes Health & Rehab serves up to 418 residents.

A.G. Rhodes was one of the first nursing organizations to be licensed in Georgia and today is one of a few not-for-profit nursing organizations in the state.

### Volunteers & Donors

As a not-for-profit organization, our volunteers and financial donors are instrumental in helping us provide high quality health care to the residents we serve. If you would like more information about donating or volunteering, call our management office at 404-636-3512 or visit us online at [www.agrhodes.org](http://www.agrhodes.org).
