COMMUNITY IMPACT

As one of only a few nonprofit nursing home providers in the state, our focus since 1904 has been, and will continue to be, on our mission. We’ve been a cornerstone of the Atlanta community for generations, and we’ve remained constant in our commitment to provide unparalleled quality health care to older adults in Atlanta.

We take very seriously our commitment to the larger community. Atlanta is the fastest aging city in the United States, and we continue to adapt our model of care to meet future needs and expectations of this growing senior population. We’ve earned a reputation for being the best nursing home organization in town, and we are proud to claim that distinction, especially today as more older adults need our services.

ANNUAL FUND IMPACT

About 70 percent of the seniors who stay with us cannot afford their medical and living expenses, and your generous contributions help with costs that are not covered by insurance, Medicare or Medicaid. These expenses can range widely from medical care needs, to activities and innovative programming that greatly enhance the quality of life for the seniors who stay with us.

Donations help cover:

- Rehabilitation services
- Horticultural Therapy
- Music Therapy
- Outings to museums and local attractions, movie theaters, restaurants and sporting events
- Activities such as cooking class, trivia, drama club, socials, arts and crafts, BBQs and more
- Personal items such as eyeglasses, dentures and hearing aids
- Medical equipment such as power wheelchairs

COMPASSION

A.G. Rhodes is a nonprofit, mission-driven organization and we are guided by what is best for our residents and patients. Their physical, social and psychological well-being is our chief concern. Our mission is to provide expert and compassionate rehabilitation therapy and residential care to seniors in metro Atlanta.

We care about the seniors we serve and we care about their families. Our homes have always been family and community-oriented, and we treat residents, their families and each other as part of our own family. This personal touch guides us in every aspect of the care that we provide.

QUALITY

We always look for ways to improve our standard of care, and our unflinching commitment extends beyond providing quality health care. Our leadership and staff are equally committed to providing an excellent quality of life for the seniors who stay with us.
