

OUR 4 FOCUS AREAS FOR 2018

A.G. RHODES HEALTH & REHAB

1 Person-Directed Care

Build on our experience, legacy and reputation to improve our model of care to one that is person-directed and homelike, including initiatives, services and programs that are specifically tailored to accommodate the growing number of people living with dementia.

2 Workforce Development

Retain, recruit and train a diverse and compassionate team that is eager to support person-directed care.
