

## Why Choose A.G. Rhodes Wesley Woods?

- » As one of only a few mission-driven, nonprofit nursing home providers in Georgia, our nonprofit status is a fundamental difference in our approach to care. We're able to direct more resources into the care we provide, including our state-of-the-art therapy and rehabilitation services, our innovative programming, and our diverse activities and events.
- » A.G. Rhodes became one of the first organizations in the state to embrace a person-directed approach to senior care. We are transforming our model of care to one that promotes a better quality of life in a more home-like environment, especially for those living with dementia.
- » We maintain strong partnerships with local hospitals such as Emory to foster a seamless continuum of care between inpatient and post-acute services.
- » We provide nationally recognized programs including our signature Horticultural Therapy and Music Therapy programs, and we use the latest technology to enhance person-directed care.
- » Our legacy and reputation, culture of compassion, and mission-driven approach allow us to recruit and retain exceptional employees, resulting in lower staff turnover, and higher staff and resident satisfaction.
- » We consistently receive exceptional quality ratings and we're ranked among The Atlanta Journal-Constitution's Top Workplaces.
- » Our therapy and rehabilitation services allow patients and residents to improve mobility, muscle strength and more.
- » Our beautiful gardens and greenhouse provide a therapeutic and inviting atmosphere for our patients, residents and guests.
- » Our Wesley Woods community is conveniently located near Emory University Hospital, and offers free parking.
