

A.G. Rhodes Visitation Guidelines

The health and safety of residents, staff and visitors remain a priority, and we ask that you please read the following information thoroughly. At any time and for the protection, safety and wellbeing of residents and staff, we may suspend, modify, or cancel visits. We may also update these guidelines at any time to align and comply with updates to federal and state regulations and guidelines. Non-compliance with these guidelines may result in additional precaution/restrictions placed.

- You must make your visitation appointment in advance. We can accommodate up to 4 visitors per resident per appointment.
- Visitation appointments are 1 hour.
- We allow pets to visit that meet our pet policy requirements.
- Upon arrival and before the visit start, residents and visitors must complete and pass a COVID-19 screening process, including a visitor screening form and temperature check. Do not visit if you're feeling unwell.
- Practice proper handwashing before you arrive.
- Hand sanitizer will be available, and visitors and residents must use it before and after the visit.
- Visitors must wear a face mask and wear it for the entirety of the visit. Visitors are encouraged to bring their own, but if you don't have one, one will be provided. Residents will also wear a face mask.
- Practice social distancing.
- Visitation areas will be sanitized between appointments.
- There is no age restriction for visitors, however children who visit must be supervised at all times and all visitors must remain in the designated visitation area.
- If you have received a COVID-19 vaccine, please bring your vaccination card.
- Please cancel your reservation if you cannot attend so that others may reserve that time slot.
