

Onsite Dialysis Clinics

A.G. Rhodes Atlanta

A.G. Rhodes Wesley Woods

Onsite Dialysis Makes Life Easier

Kidney disease affects more than 37 million people in the United States. Given that many people in and around Atlanta live with the disease, having an onsite dialysis clinic will have a tremendous impact on the quality of care and quality of life for current and future residents who stay at A.G. Rhodes.

Collaboration with DaVita

DaVita is an industry leader providing quality renal care and brings a dedicated team, collaboration model, and focus on safety to A.G. Rhodes.

Promote better care and quality of life for residents who will no longer have to miss favorite activities or other scheduled events due to offsite treatments.

Eliminate complicated transportation and other logistics that are disruptive to the resident's day, and it's more convenient for residents and staff.

Streamline communication, care coordination, and treatment consistency between A.G. Rhodes, physicians, and DaVita to tailor care and support overall health goals.

A.G. Rhodes

COMMUNITY · WELLNESS · CARE

A.G. Rhodes has been an essential resource in the community since 1904. As one of Atlanta's oldest nonprofit organizations, we are a leader in the fields of health care and aging, offering therapy and rehabilitation services, and long-term and short-term care at three metro Atlanta locations. We are driven by our mission to provide expert and compassionate rehabilitation therapy and residential care to seniors in metro Atlanta. [Learn more at www.agrhodes.org](http://www.agrhodes.org).
