## 5-Stars in Quality Measures!

Rated from the Centers for Medicare & Medicaid Services (CMS).

## A Remarkable 120-Year Legacy

As one of Atlanta's oldest nonprofit organizations, A.G. Rhodes continues to be one of the only mission-driven nonprofit nursing home providers that serves our city's under-insured and underserved seniors.

## Best Nursing Homes

For the third year, A.G. Rhodes Wesley Woods been recognized as the number one nursing home in Georgia on Newsweek's America's Best Nursing Homes.

## National Quality Accreditation

A.G. Rhodes has earned The Joint Commission's Gold Seal of Approval® Accreditation which is attained after a rigorous process to demonstrate that a health care provider complies with the highest national standards for safety and quality of care.

## Best of Georgia

A.G. Rhodes was voted Best of Georgia by the Georgia Business Journal for Transitional Care & Rehabilitation Facilities.

## Eden Alternative Registry

A.G. Rhodes was accepted into the Eden Alternative Registry, which consists of national and international long-term care communities committed to improving the quality of life and care for those they serve.

# High Quality Care, an Exceptional Quality of Life

A.G. Rhodes is proud to have an outstanding reputation as a trusted leader in nursing home care. Below are some of the most important quality factors considered when evaluating a skilled nursing or rehabilitation facility. These figures are compared to the average statistics for more than 350 nursing homes located in Georgia, and more than 15,600 nationwide.

Percentage of residents who: (In most cases, lower % is better)	Average % at A.G. Rhodes	Average % in Georgia	Average % Nationwide
Experienced one or more falls w/major injury	4.0	3.3	3.4
High-risk residents with pressure sores	3.9	10.6	7.8
With urinary tract infection	1.6	2.8	2.1
With a catheter inserted and left in their bladder	1.0	1.3	1.2
Need for help with daily activities has increased	18.0	16.6	14.1
Received antipsychotic medication	10.7	18.5	14.7
Ability to move independently worsened	13.0	18.3	15.4
*Improved in function (higher % is better)	76.5	73.1	76.8
*With new or worsened pressure ulcers/pressure injuries	0.8	3.2	2.5
*Newly received an antipsychotic medication	1.1	2.5	1.6

\*Short-stay quality measures (all others are long-stay).

Updated August 2024

- Interdisciplinary care teams include staff and specialty physicians, registered and licensed nurses, certified nursing assistants, activities specialists, social workers, dietitians, licensed occupational and physical therapists, speech language pathologists, a registered horticultural therapist and a licensed/certified music therapist.
- We offer unique, innovative, and nationally-recognized programs such as Horticultural Therapy and Music Therapy.
- Our beautiful gardens and greenhouse offer therapeutic and relaxing environments.
- Through a partnership with DaVita Kidney Care, we have an onsite dialysis clinic.
- Our Rhodes to Home program helps individuals successfully transition from living at A.G. Rhodes to living back in their communities independently or with some assistance.
- We take a holistic approach when caring for residents' physical, social and mental health needs.
- With high staff-to-patient ratios, staff and therapists tailor programs to meet the individual needs of elders, whether they stay for a short time or longer.

## Quick Facts

- 150-bed community
- 100% Medicare and Medicaid certified
