OUR GENEROUS COMMUNITY

Our residents simply could not enjoy the variety of meaningful programs and activities without the support of our volunteers and donors.

Volunteers

Whether it's visiting one-on-one or participating in group activities, we offer many volunteer opportunities that make a lasting difference in the lives of those we serve and in the lives of our volunteers. Learn more and sign up at agrhodes.org/volunteer.

Donors

Community support through donations is critical in helping us fill the gaps that exists between the cost of care and the reimbursement we receive for most of the care we provide. Learn more and donate at agrhodes.org/donate.

A.G. Rhodes

COMMUNITY · WELLNESS · CARE

Setting the Standard in Senior Care Since 1904.

Experience the nonprofit difference in aging services through our long-term care, short-term recovery, and therapy & rehabilitation services.

EXPERIENCE THE NONPROFIT DIFFERENCE

A.G. Rhodes is one of Atlanta's oldest nonprofit organizations and has set the standard for serving an aging community since 1904.

As one of only a few mission-driven, nonprofit nursing home providers in Georgia, we believe our nonprofit status is a fundamental difference in our approach to care. We're able to direct more resources into the care we provide, including our state-of-the-art therapy and rehabilitation services, innovative programming, and diverse activities and events.

Our nonprofit status also allows us to recruit and retain exceptional employees, resulting in lower staff turnover, and higher staff and resident satisfaction.

Innovative Programming

We understand the importance of nurturing one's physical, mental and spiritual wellbeing, and we continuously seek research-based programs and activities that will engage residents by incorporating animals, art, children, music, plants and technology. We provide nationally recognized programs including our signature Horticultural Therapy and Music Therapy programs, and we use the latest technology to enhance person-directed care.

OUR RANGE OF SERVICES INCLUDES:

Therapy, Rehabilitation, & Specialized Services

Our highly trained therapists and professionals use the latest techniques and equipment to provide:

- ▶ Physical Therapy
- ▶ Occupational Therapy
- ▶ Speech Therapy
- ▶ Outpatient Therapy
- ▶ Respiratory Therapy*

Person-Directed Care

A.G. Rhodes was one of the first organizations in the state to embrace a person-directed approach to senior care.

Person-directed care is the kind of care that we all want for our loved ones and for ourselves as we age. It means that choices and actions consider the individual's unique personality, history and interests, and it puts decision-making in the hands of the resident, or in the hands of those closest to him or her. Person-directed care has become a best practice, and we demonstrate the importance and effectiveness of this model in the A.G. Rhodes communities.

Designed for Better Living and Better Care

A.G. Rhodes Cobb's memory care and skilled nursing community reflects a modern, person-directed approach to care, with all-private rooms and thoughtfully designed spaces that promote comfort, connection, and quality of life.
