Brick CONNECTIONS

Building Connections, One Brick at a Time

Brick Connections uses LEGO® bricks to encourage creativity, communication and connection among elders at A.G. Rhodes.

Inspired by the LEGO® SERIOUS PLAY® methodology, this hands-on program encourages participants to build, share stories and connect through creative activities. Brick Connections is another way A.G. Rhodes is enhancing quality of life through innovative, person-directed programming that celebrates each elder's unique abilities, preferences and experiences.

More than Just Building

Brick Connections offers opportunities for elders, including those living with dementia, to:

- EXPRESS THEMSELVES
- BUILD CONNECTIONS
- SPARK MEMORIES
- ENGAGE THEIR IMAGINATIONS

The Building Blocks of Our Nonprofit Mission

As a nonprofit organization, A.G. Rhodes invests in innovative programs like Brick Connections that go beyond traditional care to support the well-being of the elders we serve. Since 1904, we've been a trusted resource for older adults in metro Atlanta, providing expert, compassionate care while continually evolving to meet the needs of those we serve.

A.G. Rhodes operates three communities in Fulton, Cobb and DeKalb counties. Visit agrhodes.org or call 800-357-2980 to learn more.
